

## Industrial Engineering Content

1	Understanding Industrial Engineering
2	Scope of Industrial Engineering
3	Objectives of Industrial Engineering
4	Techniques of Industrial Engineering
5	Principles of Motion Economy
6	Work Study
7	Method Study
8	Work Measurement
9	Ergonomics
10	Productivity
11	OEE
12	Productivity Improvement Techniques
13	Plant Layout
14	Types of Plant Layout
15	Factors Considered in Plant Layout
16	Characteristics of Ideal Plant Layout
